We are excited to announce BUILD 2018! Interior designers, contractors and industry partners are brought together to create dynamic and collaborative working relationships through a series of interactive events over the course of the weekend. We believe this creates a better design/build community and ultimately greater client satisfaction. What NWSID began in 2009 as an alternative to the traditional vendor fair, has grown from just two associations to now include the following four premier trade associations.

NORTHWEST SOCIETY OF INTERIOR DESIGNERS (NWSID), established in 1975, is a non-profit regional organization of over 175 interior designers and resource affiliates maintaining high ethical standards by providing resources, knowledge and techniques in design of residential and commercial projects. There are currently two chapters, Puget Sound based in Seattle and Southern Chapter based in Portland. www.nwsid.org

NARI Pacific NW, established in 1952, is made up of members and local chapters throughout the state of Oregon and Southwest Washington. The mission of NARI Pacific NW is to enhance member success and excellence, promote professionalism and ethical business practices, and to implement education and networking opportunities for members. www.naripacificnw.org

NATIONAL KITCHEN & BATH ASSOCIATION (NKBA) is a non-profit trade association whose mission is to enhance member success and excellence, promote professionalism and ethical business practices, and provide leadership and direction for the kitchen and bath industry. The Columbia River Chapter supports over 230 members throughout the state of Oregon and Southern Washington. www.nkbaoregon.org

PROFESSIONAL REMODELERS ORGANIZATION (PRO) of Metro Portland consists of the area's top remodelers, subcontractors and suppliers who work together to promote quality and professionalism in the home remodeling industry. In the past 10 years, the organization has grown to 240 members and currently is the third largest NAHB Remodelers Council in the United States. www.hbapro.org
